The Garden Beautiful

"It isn't home until it's planted" has been adopted by the National Nurserymen and Plant Growers Ass'n. as their slogan . . . and this statement is true! What a pleasure it is to plant and cultivate flowers right in your own garden and how easy and inexpensive it is if you but get the best kinds of plants in the very beginning! Listed in this folder are but a few of the tested-and-found-reliable plants grown in the Alonzo J. Bryan Greenhouses at Washington, New Jersey. Thousands of customers come back to Alonzo J. Bryan's Greenhouses each year because they know that here they get their money's worth in the satisfaction of a beautiful and luxuriant garden.

A Special \$5.00 Offer

An assortment made up by us—as varied and beautiful as anything you have ever seen. Every plant perfect and a hardy grower . . . including Cannas, Geraniums, Sages, Verbenas, Petunias, Coleus, and other plants of equally fine value. Not knowing just what the market will call for, we always have an overstock of many varieties of plants and from that overstock these assortments are made up. If after reading the list on the inside of this folder you will specify which kinds of plants you would like to have we will follow your selection, as nearly as possible, in filling your order. This specially priced collection will not be shipped until after May 1st but get your order in now so that you will have the choice of the lot.

OTHER OFFERS
